

SIMPLE CREMATION

a direct cremation provider

A note to our customers:

In light of what is happening with the COVID-19 virus, I want to ensure you that Simple Cremation is taking many precautionary steps to combat the virus including in-depth cleanings after each arrangement. I have personally met with our custodians in regards to the methods and chemicals that are being utilized for the upkeep of our facilities to ensure that they are all anti-bacterial based. In many ways, we are already going above and beyond to protect our customers and employees and we will continue to do so.

I want our customers to know that, at this critical time, we are open for business. We are a vital part of the lifeblood of this community and we will continue to provide affordable cremation services to those in need.

I also understand that some people may be uncomfortable with meeting face-to-face. For over 5 years now, Simple Cremation has offered complete online arrangements. Simple can even deliver your loved's remains directly to your home upon completion of the cremation. We are currently the only direct cremation provider that offers 100% online arrangements.

If you would like to visit our website to see photos of our facilities or to make an online arrangement for an at-need or a pre-need, please go to www.simplecremation.us.
